or email to ecurtis@utah.gov

We want you to be aware of the following information regarding your grant award:

Grant applications received a rigorous review by a grant sub-committee selected by the Utah Complete Count Committee. Due to significant demand, funding was extremely competitive, and we were not always able to award the full amount requested. Applications were scored for their understanding of the hard-to-count communities, Geographic distribution, community engagement, and sound management. Receipt of an award from GOMB is an acknowledgement of your organization's importance to the community you represent, as well as your service to the residents of Utah.

Final reports are due July 31, 2020.

Grant recipients must send a letter of thanks to their state legislators. Copies of legislative thank-you letters and updated final budget reports are due with final reports. We will follow up with recipients after the new year regarding reporting requirements in the summer of 2020.

Thank you for contributing to the Census 2020 and the vibrancy of Utah.

Best regards,
Evan
